

MND Communication Devices

A Practical Demonstration

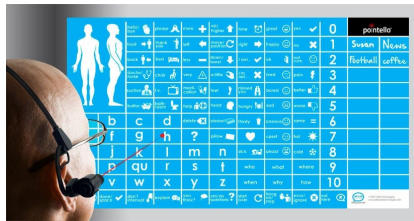

Free Lunchtime Session

In conjunction with [MND Victoria](#) and [LinkAssistive](#), SMRPCC presents a special lunchtime session about communication devices used by patients with progressive neurological conditions.

The session will be presented by:

- Amy Schneider, Equipment Service Team Leader at [MND Victoria](#)
- Stacey Fisher, Assistive Technology Consultant and Speech Pathologist at [LinkAssistive](#)

Join us for the session, which will be a visual demonstration and explanation of devices specific to aid in communication for people with MND and other progressive neurological conditions.

When: Tuesday 12 December 2023 | 12 pm to 1 pm

Where: Online via MS Teams

To register for the session: use the QR code or the Survey Monkey link:

<https://www.surveymonkey.com/r/FD6FTKM>

SMRPCC will send you an invitation, a few days before the session. Click to accept the invitation and a reminder will be added to your calendar. On the day, click the link in the reminder to join the session.
